

hello

This week we've been working on a book! We've made a limited edition frankie photo album, have a peek at the cover on flickr (and stay tuned for more info!). We also have double passes to **Semi Permanent** in Melbourne and Perth. And if you were once a fan of the Babysitters Club, you gotta check out **What Claudia Wore**; a website and blog dedicated to the fashions of the BSC. Have a great week xx

did you know...

This made us giggle. When grouping the following, you should always use these collective nouns. A **posse** of police. A **bevy** of ladies. A **troupe** of artistes. A **pack** of brownies. A **company** of girl guides. A **blush** of boys. A **babble** of barbers.

treats

John Patterson doesn't just travel the world playing guitar for fun three-piece The Grates, he also makes these funny brooches and buttons for **Sniffle Co**. We're loving the Woody Allen one. We have five up for grabs (you get the hanky too), so email with your postal address for your chance to win.

shop

Dorothy & Evelyn love supporting local artists and their site is a mish mash of handmade, designer and vintage. You'll find everything from playsuits, blouses and original handcrafted gift cards to little things for little people, including a delightful Holly Hobby cotton dress.
